#### **Purpose of this trip:**

During March and April, we are studying about our state. We will learn a little about its history which includes all the state symbols, the 5C's, and quite a lot about the plant and animal life. Boyce Thompson Arboretum is the perfect field trip for 1<sup>st</sup> grade students to learn a little more about their state and it's so close to our school. They have a Plants of Arizona tour that lasts about 1 ½ hours and then we get to have a picnic style lunch.

Sincerely,

Diane Juvera
